### JOB OPPORTUNITY

The Office of Supportive Services (OSS) is seeking highly qualified student leaders to join our team. We are an office that fosters personal and academic development of students as they persist to graduation. We do this through educational enrichment and by creating purposeful connections built and promoted through academic excellence, student programming and professional experiences.

Program Area: Program Assistant/Clerical Support  
 Supervisor: Director of The Office of Supportive Services  
 Starting Hourly Pay Rate: \$9.85  
 Number of Positions: 1-6

On a daily basis, these students will interact with faculty, staff, students, and other University patrons. Applicants are expected to be personable, timely, organized, and have the ability to learn and explain office and University policies. Consideration for employment is based on the review of a resume, related work experience, and an interview. We are a team made up of many majors, backgrounds, and identities, and encourage all interested persons to apply.

If selected for an interview, you will be contacted via email on April 26th, 2019.

Apply via the link below:
